- Update from the Parish Council meeting on retaining Neil Homer and JC as consultants. DC went through the section of the Parish Council meeting minutes relating to the review and confirmed that O'Neil Homer Consulting and JC would be used as consultants on this review of the Neighbourhood Plan.
- The terms of reference as amended by Gill Merry, the Parish Clerk, for this Steering Group to conduct the review were discussed and were agreed with the proviso that Steering Group meetings will be closed to the public but the agendas, minutes and updates on each meeting will be available to the public by being published on the Parish Council website and posted on the village notice board.
- The '*Hanslope Survey – Your Village – Your voice*' prepared by AA was discussed and some amendments suggested and JC will put these together for further discussion and agreement by those members unable to attend this meeting.
- After discussion on the options for this review – either a mini review now and a full review when Milton Keynes Council complete their current review of Plan:MK expected to be 2025 **or** a full review now; the group decided to **recommend a full review now** as it was felt important to extend the development boundary to include Tathall End and this changes the nature of the Plan.
- Next steps:
  - Terms of Reference for the steering group to be agreed by the full Parish Council at next meeting
  - EP to continue work on obtaining the Locality grant to fund the review
  - JC to circulate suggested amendments to the survey
  - Invite Neil Homer, with his suggested project plan, to next meeting
  - Keep nagging MKC for housing allocation figures
- Date of next meeting: Wednesday 9 November
